Conservation dictionary

Make your own **conservation dictionary** by collecting words to do with **conservation** and the prevention of **pollution**. Here are some words to start you off.

pollution conservation smog litter species

waste atmosphere fossil fuels environment

Now find some more words yourself, and write them here. You may want to use **reference books** or the **Internet** to help you.

Put the **conservation** words in **alphabetical order**, and write a short **definition** for each one. The **definition** should be easy to understand. The first one has been done for you.

Word	Definition
atmosphere	The layer of gases that surrounds the Earth.
