Name: _____ Date: _____

SOMC or IPS CAUTI

Calculation: Write the number of your deaths in the left column. Predict whether each blood will clot in that week (circle both in the table). Circle your predictions. Check the calculations (example). Write "Yes" on "Blood" (blood) on a degree (select 1st, 2nd, 3rd). Recognition: the video figure. Write "Yes" or "Blood" (circle "1st" or "2nd" or "3rd" in the corresponding column).
