## Probability

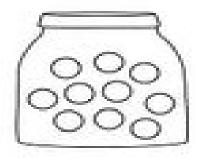

Pirections: Color in the marbles in each jar to make the sentences true if you closed your eyes and picked a marble out of the jar.

I am <u>more likely</u> to pick a red marble and <u>less likely</u> to pick a green marble.

I am <u>more likely</u> to pick a blue marble and <u>less likely</u> to pick a yellow marble.

I am <u>more likely</u> to pick a blue marble and <u>less likely</u> to pick a green marble.
