Consonants	Affricate / Fricative
[t͡s] [t͡ʃ] [d͡z] [d͡ʒ] [p͡f] [t͡θ] [k͡x] [k͡p] [ɡ͡b] [ŋ͡m]	[ɸ] Fricative Fricative
[ɸ]	1. Characterize the place of articulation according to the following options for [ɸ]: 2. Characterize the manner of articulation according to the following options for [ɸ]: **Examples:** open, closed, [illegible] 3. Characterize the phonetic properties of [ɸ] according to the following options: **Examples:** [illegible]
[θ]	1. Characterize [θ] in terms of place of articulation: **Examples:** dental, [illegible], [illegible] 2. Characterize [θ] in terms of manner of articulation: **Examples:** [illegible], [illegible], [illegible], [illegible] 3. Characterize [θ] in terms of phonetic properties: **Examples:** [illegible], [illegible], [illegible], [illegible] 4. Characterize [θ] in terms of phonetic properties for [illegible]: **Examples:** [illegible], [illegible], [illegible] **Exercise:** Write a phonetic description of the sound [illegible] in the form of a phonetic transcription. Provide a phonetic description of the sound [illegible] in the form of a phonetic transcription.
[x]	1. Characterize [x] in terms of place of articulation: [illegible] 2. Characterize [x] in terms of manner of articulation: **Examples:** [illegible], [illegible], [illegible], [illegible]
[ʍ]	Characterize [ʍ] in terms of place of articulation: [illegible] **Examples:** [illegible], [illegible], [illegible], [illegible]
[t̪s̪]	1. Characterize [illegible] according to the following options: [illegible] 2. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible] 3. Characterize [illegible] according to the following options: [illegible]
[n̪s̪]	Characterize [illegible] according to the following options: [illegible] **Examples:** [illegible], [illegible], [illegible]
[dʒ]	1. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible] 2. Characterize [illegible] in terms of manner of articulation: [illegible]
[ʃ]	1. Characterize [illegible] according to the following options: [illegible] 2. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible]
[ʒ]	1. Characterize [illegible] according to the following options: [illegible]
[ɹ]	Characterize [illegible] according to the following options: [illegible] **Examples:** [illegible]
[ɹ]	1. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible] 2. Characterize [illegible] in terms of manner of articulation: **Examples:** [illegible], [illegible], [illegible]
[ɹ]	1. Characterize [illegible] according to the following options: [illegible] 2. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible]
[ɹ]	1. Characterize [illegible] according to the following options: [illegible] 2. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible]
[ɹ]	1. Characterize [illegible] according to the following options: [illegible] 2. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible]
[ɹ]	1. Characterize [illegible] according to the following options: [illegible] 2. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible]
[ɹ]	1. Characterize [illegible] according to the following options: [illegible] 2. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible]
[ɹ]	1. Characterize [illegible] according to the following options: [illegible] 2. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible]
[ɹ]	1. Characterize [illegible] according to the following options: [illegible] 2. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible]
[ɹ]	1. Characterize [illegible] according to the following options: [illegible] 2. Characterize [illegible] in terms of place of articulation: **Examples:** [illegible], [illegible], [illegible]
