

Similes

Some similes, such as "like a house on fire," are called clichés because they are so overused that they have very little impact. It is a good idea to use new similes in your writing, as they attract interest and help your reader to imagine what you are describing. Remember: A simile is something compared with something else to create an image in the reader's mind. It usually includes the words *like* or *as*.

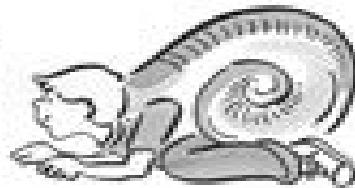

Practice writing new similes by thinking of original comparisons for these adjectives.
