

## Biology 12 – Mitosis

### D Block

Cut out the following images and glue them on a separate sheet of paper in the proper order of the mitotic phase of the cell cycle. Be sure to label what each phase is called and write a sentence or two about what is happening in each phase. You must also label at least once the following terms; **chromatin**, **sister chromatids**, **kinetochore**, **centrosomes**, **centriole**, **spindle**, **aster**, **cleavage furrow**.
