

- Directions**
- Place one digit in each square below to form a six-digit number.
 - Each digit must appear once and only once in each row or column.
 - Put a digit in a square beginning with the largest on the leftmost and the smallest on the right. Use the numbers you have inserted so far to help you.
 - Put numbers back on the slide starting with the largest on the leftmost and the smallest on the rightmost and use the numbers you have inserted so far to help you.
