Solutions and Mixtures Activity

Today in Science class we worked with a mixture and a solution. We made Kool-Aid and Trail Mix. Answer the following questions using what you learned today. Your notes from class will be very helpful!

Circle the word that correctly finishes the sentence.

- Trail Mix is a mixture solution .
- Kool-Aid is a mixture solution .
- The Kool-Aid powder and sugar evaporate dissolve in the water.
- The mass of the trail mix is equal to less than greater than the sum of the mass of it's ingredients.

Write a sentence to define the following words.

Mixture

Solution

Dissolve

List 3 Mixtures and 3 Solutions:
