

# MANNERS BINGO

You said please	You talked your game down	You helped with the table properly	You ate everything off of plate you set	You cleaned your dishes when you were done eating
You ate slowly	You told your friends about something you did that day	When you talked, you waited your turn and listened when someone else spoke	You cleaned up after	You asked the food to be passed to you
You always passed off the table	You waited for someone to be seated before you sat, or	None	You spoke loudly or rudely to the table	You used napkin when you needed to leave the table
You put your napkin on your lap	You helped pass the food on the table	You didn't use your fingers, but used your fork	You checked for a red line when you left the dinner	You used drink when
You waited until your seatmate ate before you ate	You waited to ask your waiter when you were ready to get	You passed food to someone when they asked	You ate something you didn't like	You took only your share of food
