## Guest List Worksheet

Narrowing down your guest list is never an easy thing to do. The both of you should sit down and create a preliminary list of those you'd like to attend your wedding. Separate your absolute "must have" guests, from your "like to have" guests. You can adjust your list from here; this is just a worksheet and not the final list. You can list Family on the first two pages and list Friends on the next two pages. Copy the pages if you need more.
