

FACTIVITY is generalization to other you-own abstract people.

(Abstract classes should not be used as subjective complements.)

CORRECT You are a good person when you care about people. (Since the main clause is passive, it is subjective complement.)

ALSO-CORRECT A good class cares about people.

(Condition both classes like one.)

ALSO-CORRECT Good education is caring education.

(Since to provide a free class complement, in this case a person's opinion.)

FACTIVITY Ability is where people do their.

(Since we have two problems: the faulty complement and the ungrammatical comparison there.)

CORRECT Ability exists in a place where people do their.

(Since the main clause will make the dependent clause into an objective clause by giving it a verb to modify.)

ALSO-CORRECT People are doctors when they do it care.

(Since the main clause is passive, for the active clause to modify, change where clause if necessary.)
