

ADDITION AND SUBTRACTION PROPERTIES OF EQUALITY WORKSHEET

Directions Solve each of the following equations for x and then state whether you used the addition property of equality or the subtraction property of equality.

1. $x + 4 = 10$

2. $x - 5 = 9$

3. $x - 4 = -3$

4. $x + 12 = 5$

5. $x + 3.4 = 1.9$

6. $x - 4.6 = 2.5$

7. $x + 129 = 73$

8. $x - 437 = 129$
