

Solving Quadratic Equations Worksheet

Name _____

Objective: Review factoring in order to be able to solve factorable quadratic equations.

Write the standard form of the quadratic equation that is given by the teacher. Send in the factored form of the equation. If you have factored correctly, your graph will match the teacher's graph.

	Standard Form of the Quadratic	Factored Form of the Quadratic
1.	$X^2 + 7x + 12$	
2.		
3.		
4.		
5.		
6.		
7.		
8.		
9.		
10.
