

## Multiplication Study Log

Name \_\_\_\_\_

Week of \_\_\_\_\_

Mastering Multiplication Facts is essential at this grade level! In order to learn multiple-digit multiplication and division, as well as how to divide and reduce fractions, you will need to know the times tables quickly and without having to count on your fingers. Please study with a parent or another adult at least 15 minutes a day until these facts are mastered. Keep it fun by using different methods each day. Try flashcards, speed drill worksheets or workbooks, oral drills (calling out problems and answers), and resources online, which can be accessed through the 'Camper Central' page on our website.

Monday	Times Table(s) Practiced: _____	Study Minutes
	Study Method: _____	Parent Initials
Tuesday	Times Table(s) Practiced: _____	Study Minutes
	Study Method: _____	Parent Initials
Wednesday	Times Table(s) Practiced: _____	Study Minutes
	Study Method: _____	Parent Initials
Thursday	Times Table(s) Practiced: _____	Study Minutes
	Study Method: _____	Parent Initials
