

Name _____

Date _____

Skill: Subtraction: 3-, 4-, and 5-Digit Numbers

Taking Charge

1. Start at the bottom of the pyramid. Work your way up, solving the problems on one side. Write the answers in the boxes.
2. Repeat on the other side.
3. Use the numbers on the bold lines to fill in the lines in the riddle box. Then use the key to solve the riddle.

What should you do if a bull charges you?
