

The Smart Trick or Treater

Matthew wants to trick-or-treat in the best neighborhood. He has narrowed his choices down to three neighborhoods: New Hampshire Street, West Elmwood Street, and East Elmwood Street.

Matthew's mom wants him to go to the neighborhood with the most houses.

Help Matthew decide which neighborhood to go to!

New Hampshire Street has 5 houses.

West Elmwood Street has 6 houses.

East Elmwood Street has 7 houses.

HELPER: Can you help Matthew decide which neighborhood is the best choice?
