

**ADDITION AND SUBTRACTION PROPERTIES OF EQUALITY WORKSHEET**

**Directions** Solve each of the following equations for  $x$  and then state whether you used the addition property of equality or the subtraction property of equality.

1.  $x + 4 = 10$

2.  $x - 5 = 9$

3.  $x - 4 = -3$

4.  $x + 12 = 5$

5.  $x + 3.4 = 1.9$

6.  $x - 4.6 = 2.5$

7.  $x + 129 = 73$

8.  $x - 437 = 129$
