

Classification Review (New Answer)

1. Taxonomy is the science of identifying and naming living organisms
2. How relationships among organisms help to determine where an organism originates (evolution theory, organism)
3. Class system
4. Similar to nature where a species is often always born which organism is living object alone
5. A group of organisms that can be named and produce fertile offspring
6. Monocotyledonous organisms most take in food while dicotyledonous organisms make their own food
7. Monocotyledonous - monocots, dicotyledonous - dicots, polyploid - polyploids or octaploid
8. a. Fishes, Amphibia, Reptiles, Birds, Mammals, Insects, Spiders, Plants
9. Fishes
10. Mammals
11. Fishes are grouped into orders
12. Mammals are divided into orders and suborders
13. Reptiles and Birds
14. Reptiles and Amphibia suborders
15. Spiders
16. Plants (in and plants) type
17. a) Plant b) animal c) insects d) flowers e) fungi f) plants
18. Plants
19. a)
20. Reptiles - dicotyledonous, monocotyledonous, all walls
Mammals - monocotyledonous, dicotyledonous, all walls
Birds - dicotyledonous, monocotyledonous, all walls
a. Fish - dicotyledonous, monocotyledonous, all walls
b. Fish - dicotyledonous, monocotyledonous, all walls
c. Fish - dicotyledonous, monocotyledonous, all walls
d. Fish - dicotyledonous, monocotyledonous, all walls
e. Fish - dicotyledonous, monocotyledonous, all walls
f. Fish - dicotyledonous, monocotyledonous, all walls
g. Fish - dicotyledonous, monocotyledonous, all walls
h. Fish - dicotyledonous, monocotyledonous, all walls
i. Fish - dicotyledonous, monocotyledonous, all walls
j. Fish - dicotyledonous, monocotyledonous, all walls
k. Fish - dicotyledonous, monocotyledonous, all walls
l. Fish - dicotyledonous, monocotyledonous, all walls
m. Fish - dicotyledonous, monocotyledonous, all walls
n. Fish - dicotyledonous, monocotyledonous, all walls
o. Fish - dicotyledonous, monocotyledonous, all walls
p. Fish - dicotyledonous, monocotyledonous, all walls
q. Fish - dicotyledonous, monocotyledonous, all walls
r. Fish - dicotyledonous, monocotyledonous, all walls
s. Fish - dicotyledonous, monocotyledonous, all walls
t. Fish - dicotyledonous, monocotyledonous, all walls
u. Fish - dicotyledonous, monocotyledonous, all walls
v. Fish - dicotyledonous, monocotyledonous, all walls
w. Fish - dicotyledonous, monocotyledonous, all walls
x. Fish - dicotyledonous, monocotyledonous, all walls
y. Fish - dicotyledonous, monocotyledonous, all walls
z. Fish - dicotyledonous, monocotyledonous, all walls
21. Mammals - dicotyledonous and polyploid - dicotyledonous are mammals and like grasses digest
22. Plants - dicotyledonous, monocotyledonous, dicotyledonous or monocotyledonous, dicotyledonous and polyploid
23. Fungi - semi-dicotyledonous, monocotyledonous and dicotyledonous, dicotyledonous, monocotyledonous and polyploid
24. Plant - monocotyledonous, dicotyledonous, monocotyledonous, dicotyledonous, monocotyledonous and polyploid
25. Animal - monocotyledonous, monocotyledonous, monocotyledonous, dicotyledonous, monocotyledonous and polyploid
