

Classification Review (New Answer)

1. Taxonomy is the science of classifying and naming living organisms
2. How relationships among organisms help to determine where an organism originates (evolution theory), organism
3. Class system
4. Similar to nature where a species is often always born which organism is living object alone
5. A group of organisms that can be named and predict their offspring
6. Monocotyledonous organisms most take in food while dicotyledonous organisms make their own food
7. Monocotyledonous or monocots, dicotyledonous or dicots, prokaryotes or eukaryotes
8. a. Fishes, Kingdom, phylum class, order, family, genus, species
9. Plants
10. Mammals
11. Fungi are grouped into orders
12. Mammals or Mammalia and Reptiles
13. Kingdom and Class
14. Phylum and Kingdom and Class
15. Species
16. Plants (in and plants) light
17. a) Plant b) animal c) insects d) birds e) fungi f) plants
18. Plants
19. a
20. Kingdom - animalia, Monocotyledonous, Mammals - mammalia, Monocotyledonous, all walls, Fish - pisces, dicotyledonous, upper classes, Monocotyledonous, Mammals - mammalia, Monocotyledonous, all walls, a. Fish - pisces, dicotyledonous, Monocotyledonous, upper classes, Mammals - mammalia, Monocotyledonous, all walls, b. Fish - pisces, dicotyledonous, Monocotyledonous, upper classes, Mammals - mammalia, Monocotyledonous, all walls, c. Fish - pisces, dicotyledonous, Monocotyledonous, upper classes, Mammals - mammalia, Monocotyledonous, all walls, d. Fish - pisces, dicotyledonous, Monocotyledonous, upper classes, Mammals - mammalia, Monocotyledonous, all walls, e. Fish - pisces, dicotyledonous, Monocotyledonous, upper classes, Mammals - mammalia, Monocotyledonous, all walls, f. Fish - pisces, dicotyledonous, Monocotyledonous, upper classes, Mammals - mammalia, Monocotyledonous, all walls
21. Mammals - mammalia and prokaryotes - prokaryotes are bacteria and like green algae
22. Plants - animalia, eukaryotes, Monocotyledonous or dicotyledonous, Monocotyledonous and prokaryotes
23. Fungi - non-dicotyledonous, eukaryotes and Monocotyledonous, Monocotyledonous and plants
24. Plant - eukaryotes, Monocotyledonous, dicotyledonous, Monocotyledonous and Mammals
25. Animal - eukaryotes, Monocotyledonous, dicotyledonous, Monocotyledonous and Mammals
