

Name _____

ch consonant digraph

Charlie the Chipmunk

When **c** and **h** come together, they make a new sound. You can make the sound by pretending to be a choo-choo train chugging up a hill. **Ch** makes the sound you hear at the beginning of the words **Charlie** and **chipmunk**.

Charlie the chipmunk loves to play a game called "Which One Doesn't Belong?" Two pictures in each row begin with **ch**. One does not. Put a green X on the one that does not belong.
