## Business Letter

(Grades 5-6)

Things to think about while writing your business letter:

- What is the purpose of my letter?
- Am I communicating my purpose effectively?
- Am I answering or responding to all of the questions previously asked by the reader?
- Am I using an active voice rather than a passive voice?
- Is my wording positive rather than negative?
- Am I being brief and to the point?
- Is this information going to be useful to my reader?
- Am I providing my reader with enough information to act on my directions?
