

Make a thousand

A thousand is a pretty big number – I wouldn't mind £1 000 to spend!

Put numbers in the boxes to make 1 000

1.  $400 + \boxed{\phantom{000}} = 1000$

2.  $700 + \boxed{\phantom{000}} = 1000$

3.  $\boxed{\phantom{000}} + 200 = 1000$

4.  $\boxed{\phantom{000}} + 500 = 1000$

5.  $300 + \boxed{\phantom{000}} = 1000$

6.  $800 + \boxed{\phantom{000}} = 1000$

7.  $\boxed{\phantom{000}} + 100 = 1000$

8.  $\boxed{\phantom{000}} + 700 = 1000$

9.  $200 + \boxed{\phantom{000}} = 1000$

10.  $900 + \boxed{\phantom{000}} = 1000$

11.  $\boxed{\phantom{000}} + 600 = 1000$

12.  $\boxed{\phantom{000}} + 400 = 1000$
