

Name _____

Group _____

Voyage to Outer Space

Pretend you are going on a trip to a planet far away from Earth. You don't know what you'll find there, but you are willing and even excited to go. You are allowed to take with you only one container the size of a shoebox. What will you take?

Directions: Work with your group members to complete each activity. Beginning with Step 10, color each star as you finish each activity to get ready for your BLASTOFF into outer space!

10 Brainstorm a list of things you need - what you cannot live without.

List basic supplies your group will share (like soap and toothpaste). Beside each item, write the name of the group member responsible for packing that item.

Brainstorm a list of personal items you would like to bring.

Have each group member share his or her list of items with the rest of the group. Add or delete items in #10.
