Morning: Good week!

- Yes, well good. You!

Good thanks. Did you enjoy it then last weekend?

- Yes, I go last Sunday in the night. It was really good!

And how was your friend's birthday party?

- Really good! We were in the computer. We play but until some Sunday in the morning we have to work. Great time!

What have you been up to this week?

- Well, I've been to to see my family. But it's difficult.

Why?

- In the city I've been working. I made cycling of the mountains. Wednesday meeting with a friend.

Any plans for this weekend?

- Well, really, I go to the cinema to watch angels and demons in Sunday night with a couple of friends. Apart from that, maybe I go to the beach if the weather is good in Sunday.

Sounds good. See you next week. Have a good weekend!

- Thanks, see you! (goodnight)
