

Area Model Multiplication: 2 x 2 Digits

Step 1:

$27 \times 13 = \underline{\quad}$

	10	3
20		
7		

Step 2: Multiply

$27 \times 13 = \underline{\quad}$

	10	3
20	200	60
7	70	21

Step 3: Add

$27 \times 13 = 351$

	10	3
20	200	60
7	70	21

$200 + 70 + 60 + 21 = 351$

1) $54 \times 28 = \underline{\quad}$

2) $62 \times 15 = \underline{\quad}$

3) $95 \times 11 = \underline{\quad}$

4) $72 \times 82 = \underline{\quad}$
