

| Algebra 1 | Day | Obj | HW |
|-----------|-----|---|---|
| Algebra 1 | 1 | Students will learn rules and expectations, receive textbooks, and provide information about themselves. | Cover Text |
| Algebra 1 | 2 | Students will evaluate variable expressions and write models (1.1) | p 6/7 20-40 even, 50-60 all |
| Algebra 1 | 3 | Students will evaluate expressions with exponents and use exponents to solve real life probs. (1.2) | p 12 (17-20, 26-30, 35, 28, 41-46, 55-61, 66) |
| Algebra 1 | 4 | Students will apply order of operations and substitute to determine if inequalities are true. (1.3/1.4) | P 19 (12-40 even) and p 27 14-16, 26-31 |
| Algebra 1 | 5 | Students will prepare for quiz 1.1-1.4 | p 22 1-26 |
| Algebra 1 | 6 | Students will practice writing models, evaluating expressions, and applying order of operations. | Study and do p 54-55 1-21 |
| Algebra 1 | 7 | Students will demonstrate ability to write algebraic models, evaluate expressions, and apply order of operations. | QUIZ 1.1-1.4 |
| Algebra 1 | 8 | Students will translate verbal phrases into algebraic expressions, equations, and inequalities | P 35 (14-48 even) |
| Algebra 1 | 9 | Students will use graphs and tables to organize data and make predictions.(1.5) | P 43 (8-21) |
| Algebra 1 | 10 | Students will identify functions and make input/output tables of values | PROJECT and p 49 (10-26even) |
| Algebra 1 | 11 | Students will practice for Ch 1 test. | worksheet (Text Ch 1 review) |
| Algebra 1 | 12 | Students will demonstrate understanding of Chapter 1 | Test |
| Algebra 1 | 13 | Students will order real numbers, take their absolute values, and add real numbers. (2.1) | p 67 19-79 odd |
