Musical Theater Assignment Worksheet

Rent a DVD of one of the musicals listed in your Course Outline. Answer the questions on this worksheet and submit the completed worksheet saved as Assignment 2_YourName.doc

Note: Please use complete sentences to answer **every** question. Correct punctuation, capitalization and sentence structure will also be part of your grade.

1. Name of the musical.
2. What was the general "mood" of the show?
3. Name the main characters and briefly describe each.
4. Briefly describe the plot in your own words (do not copy a synopsis).
5. Who wrote the music for this musical?
6. Choose a song from the show and describe what you can remember about it. What makes it memorable? Be sure to include information about the music also, and not just the lyrics.
7. What was the "style" of the music? (Feel free to refer to your list from last week, but don't choose "Musical Theater" or "Broadway" to describe the style).
8. Was there choreography in the musical? If so, give a general description.
9. Did you enjoy the musical? Why or why not?
10. Other comments? (not an optional question, but you can choose the subject of the comments based upon the musical you saw)
