

Fact Families Practice 1

House 1 (Left): The roof contains the numbers 3, 4, and 7. The body contains the following equations:

- $4 + \square = 7$
- $3 + 4 = \square$
- $7 - 3 = \square$
- $\square - 4 = 3$

House 2 (Right): The roof contains the numbers 4, 5, and 9. The body contains the following equations:

- $\square + 4 = 9$
- $4 + 5 = \square$
- $\square - 4 = 5$
- $9 - 5 = \square$
