

# Periodic Table of Elements

Use light colored markers to color in the different regions of the periodic table and then write in the element symbols.

The image shows a blank periodic table grid. The grid is composed of empty rectangular cells arranged in the standard periodic table layout. The first row has 18 cells. The second row has 18 cells. The third row has 18 cells. The fourth row has 18 cells. The fifth row has 18 cells. The sixth row has 18 cells. The seventh row has 18 cells. The eighth row has 18 cells. The ninth row has 18 cells. The tenth row has 18 cells. The eleventh row has 18 cells. The twelfth row has 18 cells. The thirteenth row has 18 cells. The fourteenth row has 18 cells. The fifteenth row has 18 cells. The sixteenth row has 18 cells. The seventeenth row has 18 cells. The eighteenth row has 18 cells. The nineteenth row has 18 cells. The twentieth row has 18 cells. The twenty-first row has 18 cells. The twenty-second row has 18 cells. The twenty-third row has 18 cells. The twenty-fourth row has 18 cells. The twenty-fifth row has 18 cells. The twenty-sixth row has 18 cells. The twenty-seventh row has 18 cells. The twenty-eighth row has 18 cells. The twenty-ninth row has 18 cells. The thirtieth row has 18 cells. The thirty-first row has 18 cells. The thirty-second row has 18 cells. The thirty-third row has 18 cells. The thirty-fourth row has 18 cells. The thirty-fifth row has 18 cells. The thirty-sixth row has 18 cells. The thirty-seventh row has 18 cells. The thirty-eighth row has 18 cells. The thirty-ninth row has 18 cells. The fortieth row has 18 cells. The forty-first row has 18 cells. The forty-second row has 18 cells. The forty-third row has 18 cells. The forty-fourth row has 18 cells. The forty-fifth row has 18 cells. The forty-sixth row has 18 cells. The forty-seventh row has 18 cells. The forty-eighth row has 18 cells. The forty-ninth row has 18 cells. The fiftieth row has 18 cells. The fifty-first row has 18 cells. The fifty-second row has 18 cells. The fifty-third row has 18 cells. The fifty-fourth row has 18 cells. The fifty-fifth row has 18 cells. The fifty-sixth row has 18 cells. The fifty-seventh row has 18 cells. The fifty-eighth row has 18 cells. The fifty-ninth row has 18 cells. The sixtieth row has 18 cells. The sixty-first row has 18 cells. The sixty-second row has 18 cells. The sixty-third row has 18 cells. The sixty-fourth row has 18 cells. The sixty-fifth row has 18 cells. The sixty-sixth row has 18 cells. The sixty-seventh row has 18 cells. The sixty-eighth row has 18 cells. The sixty-ninth row has 18 cells. The seventieth row has 18 cells. The seventy-first row has 18 cells. The seventy-second row has 18 cells. The seventy-third row has 18 cells. The seventy-fourth row has 18 cells. The seventy-fifth row has 18 cells. The seventy-sixth row has 18 cells. The seventy-seventh row has 18 cells. The seventy-eighth row has 18 cells. The seventy-ninth row has 18 cells. The eightieth row has 18 cells. The eighty-first row has 18 cells. The eighty-second row has 18 cells. The eighty-third row has 18 cells. The eighty-fourth row has 18 cells. The eighty-fifth row has 18 cells. The eighty-sixth row has 18 cells. The eighty-seventh row has 18 cells. The eighty-eighth row has 18 cells. The eighty-ninth row has 18 cells. The ninetieth row has 18 cells. The ninety-first row has 18 cells. The ninety-second row has 18 cells. The ninety-third row has 18 cells. The ninety-fourth row has 18 cells. The ninety-fifth row has 18 cells. The ninety-sixth row has 18 cells. The ninety-seventh row has 18 cells. The ninety-eighth row has 18 cells. The ninety-ninth row has 18 cells. The one hundred row has 18 cells.
