Share your goals with us.

Making goals explicit helps encourage progress toward them. Write your goals on this page, place in an envelope addressed to you, then place that inside an envelope addressed to us. If you tape the internal envelope shut or seal it, we won't look. In a few months, we'll send your copy back to you so you can judge if you've achieved your goals. If you want comments or feedback, insert a note asking for it and we'll be happy to discuss your course goals with you.
