Prepositions

A preposition is part of speech that shows relationship between a noun or pronoun and another word. Prepositions usually come before a noun and tell you information such as time, location, or direction.

Circle all the prepositions in the words below .

to	on	your	there	out
very	above	over	at	in
then	below	through	up	with
for	during	the	after	his
down	by	between	when	and
so	up	under	with	across
