

Road crossings

Name: _____

Look at the different road crossings and what their functions are.

School Patrol – a supervised crossing next to a school to assist scholars crossing the road safely

Zebra Crossing – is a black and white street crossing showing where vehicles must stop when pedestrians want to cross the road

Subway – is a tunnel beneath the road

Footbridge – a bridge used by pedestrians to cross over a highway

Look at the pictures above. Colour the footbridge brown; colour the subway blue; colour the zebra crossing black and white; colour the school patrol orange.
Class research: What is the difference between a zebra crossing and a pedestrian crossing?
