

**10. Use the sentences from 2001-2002. Write down the verb phrases (V+ing and V-ed) and write the correct form.**

He finished university education early and went to work in a bank at the Athens Olympics in 2004.  
 After that he travelled the coastlines of England when Father's Hospital was built in Palermo, but he stopped Britain in 2005, and finally got into competition.

When they were young, he was a member of one of Birmingham FC's squads, and he never had to travel to any games. His father told him to concentrate on his education instead of sports. When he graduated, he started being a competition.

His experience is full of intense competition. In 2008, he was joint leader of the team (played in 1 games), but lost all the matches (played in 10 matches).

He started to play the team games in the world in the Athens Olympic. In the first match (1 game) he started to play, who won the Olympic champion. After that he had to concentrate on his education and he won the Olympic title in 2004.

His experience is very good for British Olympic. Lots of young people are doing things like that. I started to travel from when I was young, and lots of other young people start to do that too.

- 1. He started to play the team games in the world in the Athens Olympic.
