Module level 1 – After Year 1

Thoughts on smoking

- Martha, who has never used medical cannabis, discussed with me how she found it helpful in teaching and talking with groups of other girls before school every day. She said she is the girl who is not afraid to speak in groups and she said she is not afraid to speak in groups.
- 1.1 Martha, who has never used medical cannabis, discussed with me how she found it helpful in teaching and talking with groups of other girls before school every day. She said she is the girl who is not afraid to speak in groups and she said she is not afraid to speak in groups.
- 1.2 Like Martha, young people discuss some topics that they are interested in. They are usually given time to discuss these topics during lessons. However, they do not have time to discuss these topics during lessons. They do not have time to discuss these topics during lessons. They do not have time to discuss these topics during lessons.
- 1.3 Young people discuss some topics that they are interested in. They are usually given time to discuss these topics during lessons. However, they do not have time to discuss these topics during lessons. They do not have time to discuss these topics during lessons.
- 1.4 Young people discuss some topics that they are interested in. They are usually given time to discuss these topics during lessons. However, they do not have time to discuss these topics during lessons. They do not have time to discuss these topics during lessons.
- 1.5 Martha said that she is not afraid to speak in groups and she said she is not afraid to speak in groups. She said she is the girl who is not afraid to speak in groups and she said she is not afraid to speak in groups.

1.6.1 Organisation
