 Show the living parts of your ecosystem (refer to page 278 in your science book)
 Complete the attached worksheet

Grading Rubric:

Item to include in the	Possible Points	Points Earned
project		
The correct Ecosystem was	10	
created as circled above		
A correct animal native to	10	
the ecosystem is present		
A correct prey for the	10	
animal is present		
A correct predator for the	10	
animal is present		
The non living parts of the	20	
ecosystem are present		
The living parts of the	20	
ecosystem are present		
The worksheet is completed	20	
and attached		
Total	100
