

Touring Toucan Town

Tina and Tony are planning their tour.

Use your centimeter ruler and the map scale to help them find the distance between each pair of places.

(Hint: Measure to the closest centimeter.)

1. the sports field and the museum _____ miles
2. the zoo and the park _____ miles
3. city hall and tourist information _____ miles
4. the museum and the park _____ miles
5. tourist information and the zoo _____ miles
6. the park and the sports field _____ miles
7. city hall and the museum _____ miles
8. the museum and the zoo _____ miles
9. tourist information and the sports field _____ miles
10. the sports field and the zoo _____ miles

Bonus Box: On Friday, if Tina and Tony visit the museum first, then the park, and the zoo last, how many miles will they travel in all?
