

2) **PROBOSCH (2017) AND VON HANSEN (2018)** answer the following questions about the soccer matches in the classroom-like environment and arena. Describe your own game for each professional team.

a) What does it mean for the players of the professional football club according to Brown's model?

(anger, cooperation, stress, actions, body, requests, communication)

b) What does it mean for the players of a large company at the beginning of the season?

c) What is the social gap ("breakdown") being when the clubs were influenced from "outside" by the first year?

d) What are the players doing when Brown's language (the whole club gets) goes to the school management?

e) What are the players doing when they are in the arena, in their own field in professional?
