

## ELEPHANT FACTS

The elephant is the largest animal that lives on land. Some male elephants can grow to be thirteen feet tall (3.9 meters). That's more than twice as tall as many human adults. Elephants can weigh as much as a school bus—between ten and fourteen thousand pounds (4,500kg - 6,300kg) - sitting! Elephants walk, drink, eat, and wash themselves with their long trunks. They have tusks—long teeth made of ivory—that help them get food and carry heavy objects.

### Do the Elephant Quiz!

1. Elephants sleep .....
  - a) sitting down
  - b) standing up
  - c) lying down
2. Sometimes .....
  - a) white
