

QUESTION

ANSWER

1. Bryophytes are non-vascular plants.

- 1. All bryophytes are non-vascular plants.
- 2. All bryophytes are green plants.
- 3. All bryophytes are mosses.
- 4. All bryophytes are liverworts.
- 5. All bryophytes are algae.

2. Bryophytes are non-vascular plants. The bryophytes are:

- 1. Moss _____ (Bryophytes)
- 2. Liverworts _____ (Bryophytes)
- 3. Conifers _____ (Gymnosperms)
- 4. Gymnosperms _____ (Gymnosperms)
- 5. Monocots _____ (Angiosperms)
- 6. Dicots _____ (Angiosperms)
- 7. Legumes _____ (Angiosperms)
- 8. Non-legumes _____ (Angiosperms)

3. Bryophytes are non-vascular plants. The bryophytes are:

- 1. Mosses _____ (non-vascular)
- 2. Liverworts _____ (non-vascular)
- 3. Conifers _____ (vascular)
- 4. Gymnosperms _____ (vascular)
- 5. Monocots _____ (vascular)
- 6. Dicots _____ (vascular)
- 7. Legumes _____ (vascular)
- 8. Non-legumes _____ (vascular)

4. Bryophytes are non-vascular plants.

- 1. Bryophytes are non-vascular plants.
- 2. Bryophytes are green plants.
- 3. Bryophytes are mosses.
- 4. Bryophytes are liverworts.
