

ADJECTIVES WITH LINKING VERBS

Forms of the verb **be** are always used as linking verbs. Other verbs such as **look, sound, appear, feel, smell, stay** and **grow** may be used as either action verbs followed by adverbs or as linking verbs followed by adjectives.

To decide whether a verb is used to link or to show action, try substituting a form of **be**. If the sentence still makes sense, the verb is a linking verb and is followed by an adjective or noun complement.

Cynthia seems rather (shy, shyly).

(**Cynthia is shyly** does not make sense; **Cynthia is shy** makes sense. "Seems" is a linking verb here.)

Cynthia looked (shy, shyly) at the mayor.

("Was" does not make sense with either modifier; "looked" is an action verb here.)
