

Roll a die. Write down the number.
Do this 5 times.
Then record your friends' rolls of the die.

Name	Roll 1	Roll 2	Roll 3	Roll 4	Roll 5
My roll					

What was your highest number?

What rolled the most times?

What do you think got the highest total with all 5 dice?
(You could use a calculator to check.)

Which number came up most often?

Which number came up least often?
