Anti-.....

There were a lot of people who believed that it was not right that the United States was taking control of other lands. They felt like it was not our place to rule nations that once ruled themselves. They believed that since we are a nation that preaches about freedom and democracy, it is not fair for us to deny the people of other lands these rights by taking them over and ruling them against their will. What makes us any better than Britain when they controlled our 13 colonies if we take over our own colonies? This would make us hypocrites (frauds/pretenders).

Read the following documents and determine if you would choose to be an imperialist or an anti-.....

Document A- The Platform of the American Anti-Imperialist League, October 18, 1899

We hold that the policy known as imperialism is hostile to liberty and tends toward militarism, an evil from which it has been our glory to be free. We regret that it has become necessary in the land of Washington and Lincoln to reaffirm that all men, of whatever race or color, are entitled to life, liberty, and the pursuit of happiness. We maintain that governments derive their just powers from the consent of the governed. We insist that the subjugation of any people is "criminal aggression" and open disloyalty to the distinctive principles of our government.

We earnestly condemn the policy of the present national administration in the Philippines. It seeks to extinguish the spirit of 1776 in those islands. We deplore the sacrifice of our soldiers and sailors, whose bravery deserves admiration even in an unjust war. We denounce the slaughter of the Filipinos as a needless horror. We protest against the extension of American sovereignty by Spanish methods.

We demand the immediate cessation of the war against liberty, begun by Spain and continued by us. We urge that Congress be promptly convened to announce to the Filipinos our purpose to concede to them the independence for which they have so long fought and which of right is theirs.

The United States have always protested against the doctrine of international law which permits the subjugation of the weak by the strong. A self-governing state cannot accept sovereignty over an unwilling people. The United States cannot act upon the ancient heresy that might makes right.

Imperialists assume that with the destruction of self-government in the Philippines by American hands, all opposition here will cease. This is a grievous error. Much as we abhor the war of "criminal aggression" in the Philippines, greatly as we regret that the blood of the Filipinos is on American hands, we more deeply resent the betrayal of American institutions at home. The real firing line is not in the suburbs of Manila. The foe is of our own household. The attempt of 1861 was to divide the country. That of 1899 is to destroy its fundamental principles and noblest ideals.

Whether the ruthless slaughter of the Filipinos shall end next month or next year is but an incident in a contest that must go on until the declaration of independence and the constitution of the United States
