

Pondering Plumbing Possibilities

<p>1</p> 	<p>2</p> 	<p>3</p> 	
<p>4</p> 	<p>5</p> 	<p>6</p> 	
<p>7</p> <p>Use shadows to push the back tubes away from the rear tubes. Contour lines are very important to curve the surface of the tubes so they look really round and 3-D. I used the template of four tube pieces at the bottom of the picture to make my 'Siber City.' Why don't you keep adding on to it until you fill your entire paper?</p>
