

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Which is more? Circle the number that is more.

 <p>2 hundreds, 1 ten, and 1 one (211)</p>	 <p>1 hundred, 1 ten, and 2 ones (112)</p>
 <p>1 hundred, 1 ten, and 1 one (111)</p>	 <p>1 hundred, 1 ten, and 1 one (111)</p>

Do you find a pattern?

How many 100's (hundreds) do you have here or

how many 10's (tens) do you have here or

how many 1's (ones) do you have here?

1. We compare first the \_\_\_\_\_  
 For example, 211 is less than 101, because 211 has less hundreds than 101.
2. If the numbers have the same amount of hundreds,  
 then we compare the \_\_\_\_\_  
 For example, 111 is greater than 101 because though it has the same amount  
 of hundreds, it has more \_\_\_\_\_ than 101.
3. If the numbers have the same amount of hundreds AND the same amount
