An Adverb Can Tell When

Adverbs give us more information about the verb (action) in a sentence. They can tell us when something happened, or is happening.

Here are some adverbs that tell when something is/was done:

first	now		then	yeste	rday	today	
	tomorrow	early		recently	someti	mes	always
soon	once		lately	sudde	nly	never	procession.

Complete each sentence with an adverb that makes sense.
