

"If School Were More Like Baseball"

By Kane Peabody

If school were more like baseball
we'd only have to play
We'd hang out in the sunshine
and run around all day.

We wouldn't have to study.
We'd practice and we'd train.
And, best of all, they'd cancel
whenever there was rain.

What do you think...?

Do you think there's time to go to school?

To what other things would you like school to be like?

I would like school to be like

baseball.
