

# PUZZLED: the interval edition

Write the letter of the starting note on the line below it.  
Then follow the chain of intervals to find out what note you  
will land on at the end. Show your work along the way if  
you need to!

Example: 1<sup>st</sup> (b) 4<sup>th</sup> (a) 4<sup>th</sup> (d) 1<sup>st</sup> (f) = F
