

**BIOLOGICAL AND ENVIRONMENTAL**

**Scenario 1: Animals eating all of the farmland crops from the rice paddy.**

1. Think of 5 reasons as the farmer can use to stop (control) the cat eating the rice.

1) \_\_\_\_\_  
2) \_\_\_\_\_  
3) \_\_\_\_\_  
4) \_\_\_\_\_  
5) \_\_\_\_\_

2. Which of these reasons are biologically/sociologically and which are human control? Write a 10 or 15 word sentence to each reason to show what you think.

3. Which control do you think is best? Why?

---

---

**Scenario 2: A boy kidnapping his/her neighbour's food and stealing produce from their collection straight.**

4. Think of 5 reasons the neighbour can use to stop (control) the boy stealing the produce.

1) \_\_\_\_\_  
2) \_\_\_\_\_  
3) \_\_\_\_\_  
4) \_\_\_\_\_  
5) \_\_\_\_\_

5. Which of these reasons are biologically/sociologically and which are human control? Write a 10 or 15 word sentence to each reason to show what you think.

6. Which control do you think is best? Why?
