4th Grade Math

MONTH	ANCHOR	ELIGIBLE CONTENT	Math	Language	Science	Social Study	Art	Music	Gym	Health	Special Ed	ESL	Text/ References / Resources
September	M4.A.1.1.3	Match standard # & word forms											
September	M4.A.1.1.4	Use expanded, standard, word forms											
September	M4.A.1.2.2	Compare/order whole #s											
September	M4.A.2.1.1	Solve/explain word problems (all operations)											
September	M4.A.3.1.1	Round whole #s											
September	M4.A.3.1.2	Round money to nearest $											
September	M4.A.3.1.3	Estimate whole # +, -, x, ÷ problems											
October	M4.D.1.1.1	Extend/find missing element in numerical or geometrical pattern											
October	M4.D.1.1.2	Identify/describe the rule for numerical or geometrical pattern shown											
October	M4.D.1.1.3	Create/replicate a numerical or geometrical pattern showing 3 repetitions											
October	M4.D.1.2.1	Determine missing elements in a function											
October	M4.D.1.2.2	Determine the rule for function given a table											
October	M4.D.2.1.1	Correlate story situations with expressions or equations											
October	M4.D.2.2.1	Solve for missing # in equation (using estimation, guess and check, etc.) may use +,-, or single digit x or divide											
October	M4.D.2.2.2	Identify the missing symbol (+,-, x, divided, =, <,>) that makes a number sentence true											
November	M4.B.1.1.1	Match/construct analog time to match digital											
November	M4.B.1.1.2	Identify time as amount of minutes before/after hour											
November	M4.B.1.1.3	Calculate elapsed time in situation											
November	M4.B.1.1.4	Determine the beginning/ending time, given the elapsed time											
November	M4.B.2.1.1	Use ruler to measure to the nearest ¼ inch/centimeter
