

CHOCOLAND THE CHOCOLATE FACTORY
WORKSHEET

1

1. Read the passage

Chocolate
 Chocolate is a sweet, brown, solid food made from cocoa beans. It is made by heating cocoa beans and removing the shells. The remaining cocoa mass is then processed into chocolate. Chocolate is used in a variety of ways, including as a coating for cakes and biscuits, as a filling for chocolates, and as a topping for ice cream. It is also used in the production of chocolate bars and chocolate-covered fruits.
